The Principal stated that they did not care to give any figures regarding the cost of provisions, etc. for each pupil. The school does not make a profit on boarding, but takes their profit on the teaching fees. Taking out the upkeep, cost of residence, and running expenses incurred by resident pupils, the difference between the fees charged resident pupils and day pupils per annum (\$390) barely pays for each pupil's board.

52 Resident Pupils

The staff necessary in connection with the resident pupils is :

Housekeeper,

Dietician,

4 Servants,

2 Matrons.

86 BLOOR STREET
WEST.

House stands on about forty feet frontage, large grounds in rear. Garage on back of lot rented separately.

Some of the bedrooms have been newly decorated, others have not, but require decorating.

Bathroom on middle flat - One bedroom on middle flat has running water, can be made into a bathroom and the balance of the room used as a bedroom.

Seven of the nine bedrooms are large. Front room on top flat, front room on middle flat and another bedroom on middle flat can be divided. Make twelve bedrooms in the house.

Drawing room is very large and possibly could be divided, the walls are newly decorated.

Clothes closets in every bedroom but one.

Building formerly occupied by Spirella Corset Company.

General appearance of house on the outside not very good - needs decorating very badly.
